- Review Proposed Boundary Changes
- Comment Process
- Questions

Comments to Central (Prior to Central's Filing)

- Deadline for Public Comments: April 30, 2019
- <http://www.cnppid.com/boundary-review/>

Comments to FERC (Following Central's Filing)

“We understand that Central plans to submit an application to change the project boundary in specific areas. However, that application has not yet been filed with the Commission. When such an application is filed with the Commission, we will issue a public notice to provide an opportunity for the public and any other interested parties to comment on the specific proposal at that time.”

(FERC, March 2019)
